

# 2013

**Parkinson** | ANNUAL REPORT  
Alberta

CPEDDIE

## MESSAGE FROM THE CHAIR & CEO

For Parkinson Alberta, 2013 was a year of new beginnings. It started in January 2013 when we announced our disaffiliation from the national organization and charted our course as a stand-alone, independent Parkinson's organization. It continued throughout the late winter and early spring as our board of directors (with input from multiple parties) finalized our own 3-year strategic plan and we welcomed the Lloydminster Region to our Parkinson family. And in the summer when, alongside the Buchanan Family Foundation we announced that a first-of-its-kind in Canada centre for Parkinson's would be built here in Alberta. Our new beginnings kept on right through to the end of the year with the launch of our own brand-new walk – Parkinson Step'n Stride, a brand new look and website.

Parkinson Alberta's commitments to both Albertans affected by Parkinson disease and sustainability have always been the top priority for the board of directors; and 2013 was no exception. The implementation of the 2013-2015 strategic plan will ensure we have the tools in place to help guide and evaluate our organization as we move forward and reach out to more people affected by PD. To continue to improve upon and expand our services; every program, every support, educational, and fundraising opportunity is measured against our mission statement and strategic plan.

It is our belief that great programs do not always result in a great organization; rather a great organization creates great programs. Parkinson has a proud history of offering and creating programs, support and educational opportunities throughout the province; and we continue to seek out new and exciting ways to engage our clientele. While the quality of our support, programming and educational opportunities will never waver; the variety and growth required to reach all interests and corners of our province depend solely on our ability to finance them. This is one of the many reasons that we are so grateful for the continuous support from our donors; it has enabled Parkinson Alberta to become the great organization it is today.

We are honored to work and partner with an expanding community of leaders committed to making a difference in

the lives of Albertans affected by Parkinson disease. Leaders like Gordon and Diane Buchanan who approached us with a vision of a better day-to-day life with PD; and now this vision will soon become a reality in the form of the Gordon Buchanan Centre for Parkinson's (see more on our website). Leaders like those who volunteer to sit on our board of directors, who sit on a Regional committee, or who are involved in our Champions of Hope Campaign.

Our Champions of Hope Campaign is dedicated to raising funds for research. Parkinson Alberta continues to be committed to raising money for research; to support bright young minds work in various fields of research, to find new ways to enhance quality of life, to develop new drugs and treatment options, to the ultimate – a cure for Parkinson disease.

Heading into 2014, we're ready and determined as ever to keep reaching more families and individuals, and to keep setting new goals. To ensure that Albertans have the best tools to live better with PD, and that no one has to face this devastating disease alone. But we can't do it alone; we look to you for assistance. If one voice can inspire the actions of many; just think of what 10, or 100, or 1000 can do! Join your voice with ours – volunteer, recruit others to get involved, register for our Step'n Stride, share your story – and be the change!

Finally, we'd like to offer our thanks and gratitude to the clients, donors, sponsors and volunteers who make us successful. Day after day, your appreciation, commitment and tireless dedication shows the Parkinson community that people can make a difference and that it is possible to chart a new course toward a better future. You are the people who make it possible to hope.

Respectfully,

Doug Darling  
Chair

John Petryshen  
CEO

## CLIENT SERVICES

**At Parkinson Alberta (PA) our commitment to our clients is unwavering. We are dedicated to providing direct support, services, education and programming of the highest quality.**

### Direct Support and Services

Our core services include individual and family supportive counselling, support groups, learning resources, referrals, peer program, in-services and community awareness programs. We offer information about the symptoms of PD, treatments, side effects, management strategies, research, community resources and navigating the health care system to individuals and health professionals.

We offer support groups across the province for both people with PD and care partners, in 2013 PA offered 31 support groups in 20 communities across the province, providing support and socialization to an astounding 4000 individuals.

Through phone calls, emails and home visits, Client Services Staff made 6286 connections directly related to support; an additional 2858 connections were made in regards to other information – programming, information sharing and resources. Our PD Helpline calls were on par with 2012; and our submissions to our online Ask the Experts increased slightly. We maintain an active online and social media presence with 22,000 visitors to our website in 2013 and an ever increasing set of followers on Facebook (Parkinson Alberta) and Twitter (@ParkinsonAB).

### Education and Programming

**Education, Information and In-Services** were a high-priority in 2013. We embarked upon a path to create our own Parkinson disease information resources, and by the end of the year had seven topics available both in our offices and on our website. PA Calgary Office continued its partnership with Alberta Health Services to offer the

“Living Well with a Chronic Condition” series. Parkinson Alberta staff conducted 71 education sessions, while guest speakers conducted an additional 84.

**Programming** continues to have a strong presence in many of our regions. Parkinson Alberta offers a diverse selection of programs across the province. Client Services Coordinators work with their clientele on an ongoing basis to ensure programs of interest takes place in their specific region. Our programming is divided into four categories: PD & the Arts, PD & Education, PD & Movement, and PD & Social. Programming covers everything from singing and dance, to yoga and falls prevention, to bowling and coffee afternoons. 2013 saw PA host 214 programs (beyond support groups) with over 2500 individuals attending across the province; of those individuals 538 were new to our organization.

**Brighter Day Program** expanded beyond Medicine Hat and Calgary, into Lethbridge and Edmonton. Practicum opportunities included the faculties of Nursing, Social Work, and Speech Pathology. Over the course of 2013, 154 students contributed 4471 hours to Parkinson Alberta. The expansion of the Brighter Day Program will continue into Grande Prairie and Red Deer in 2014.

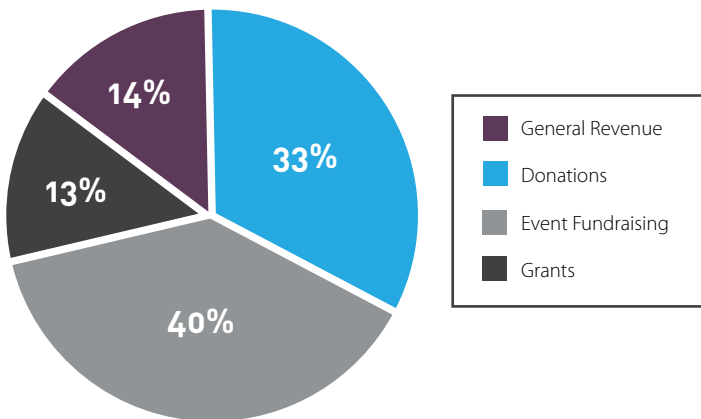

# FUND DEVELOPMENT

Parkinson Alberta raises money to ensure that Albertans have the support, services, education and programming they need to live better lives with Parkinson disease; and to take steps toward a future without PD.

Money we raise is designated into four distinct categories: donations, events, grants, and general revenue.

Our total revenues for 2013 were \$1,365,979; up 7.31% from 2012. Increased revenues in event fundraising and donations helped make this one of our most successful years!

## 2013 Revenues

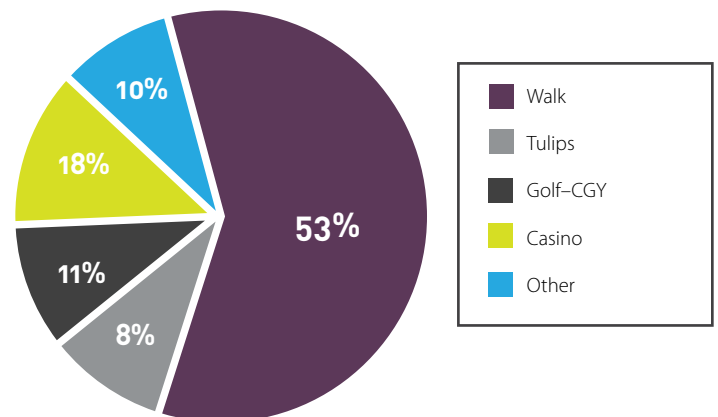

We also launched Parkinson Alberta’s Circle of Help. Available through our website as a virtual gift program, Circle of Help provides our supporters with a clear picture of the extraordinary value of Parkinson Alberta programs and services; as well as offering an opportunity to support those programs and services which may be near and dear to them.

With many new events and ideas in the works for 2014, and with your continued support, we are confident that the upcoming year will be even more successful than 2013!

2013 was a busy year for the Fund Development portfolio. We expanded our annual tulip campaign across the province, piloted a poinsettia campaign in the winter, and saw an increase in the number of third-party and partner events we participate in.

Staff and volunteers across the province worked diligently to launch our very first Parkinson Step ‘n Stride Walk! Despite inclement weather, challenges in the form of other competing events, a new registration system and a new name, Walkers came out across the province in larger numbers than ever before in support of Parkinson Alberta, helping to raise over a quarter of a million dollars!

## Events Revenue Breakdown

# RESEARCH

At Parkinson Alberta, we believe there is HOPE in research. Research is one of our four pillars and we are confident that the dollars we contribute today bring us closer to discoveries that make a difference in the day-to-day lives of people affected by PD; and ultimately a cure.

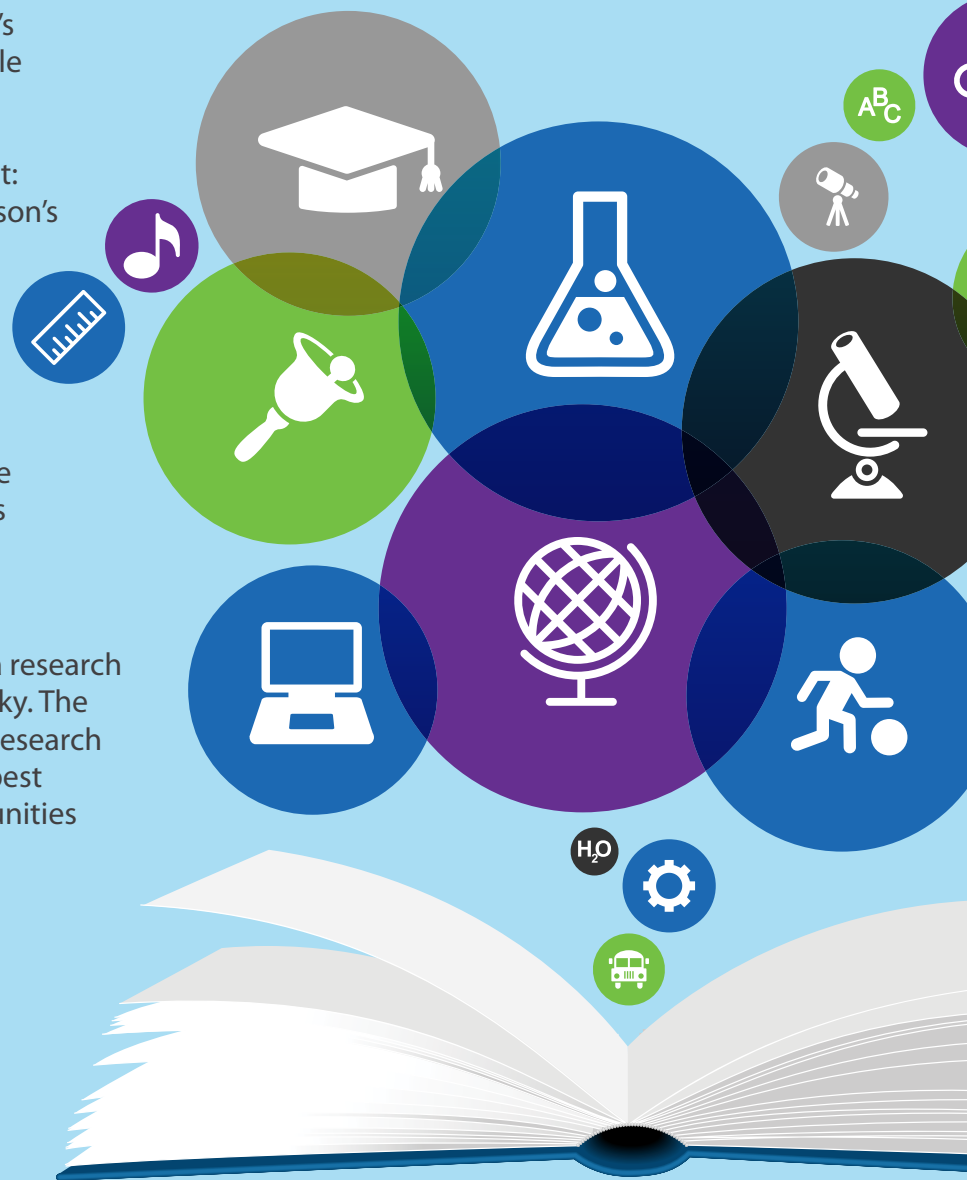

## Champions of Hope

Champions of Hope is Parkinson Alberta's fundraising campaign to support valuable research at the University of Alberta, the University of Calgary and the University of Lethbridge. Funds are used to support: competitive grants for innovative Parkinson's disease research projects, graduate students, and training fellowships within the existing neuroscience research infrastructure at the universities. Through Champions of Hope, Parkinson Alberta provides researchers with the resources to allocate time, energy and expertise to Parkinson's disease research.

## Research Committee

In 2013, the board of directors initiated a research committee led by Dr. Oksana Suchowersky. The role of this committee is to steward our research funds and assist the board to make the best decisions regarding partnership opportunities with research foundations.

**Parkinson Alberta raised \$103,302 in 2013 (up significantly from 2012's \$15,394) of which \$101,816 was used for research funding.**

## DONORS

Through the generosity and dedication of our donors, Parkinson Alberta is able to sustain our support services and programs, as well as make valuable contributions to research. We are pleased to recognize the following donors who have made a financial commitment of \$1,000 or more in 2013. On behalf of every Albertan affected by Parkinson disease, we wholeheartedly thank those who support our efforts to ensure that no Albertan has to face Parkinson disease alone.

# VOLUNTEERS

## Sandra Newton – Red Deer

Sandra became involved with Parkinson Alberta over 15 years ago along with her parents Joyce & Angus MacArthur. Through the years Sandra has worked on many projects. She has actively fundraised receiving corporate donations on behalf of Parkinson Alberta and organized several corporate jean days and sold tulips at offices. Sandra consistently volunteers at the walk and education day. We appreciate your positive attitude and volunteer efforts Sandra. Thank You!

## Sabrina Koehler – Medicine Hat

I am happy to recognize on behalf of Parkinson Alberta, the Medicine Hat region, Sabrina Koehler. I have closely worked with Sabrina over the past three years observing her passion for people living with and caring for people with Parkinson disease. Sabrina is a hardworking, sincere, kind and caring person who is very dedicated to her responsibilities as a volunteer.

I would like to take the opportunity to bring to your attention that Sabrina has never declined any invitation to volunteer for the Medicine Hat office. In fact, Sabrina tells the Medicine Hat office "I want to help out, where am I needed and you can count on me; I really love volunteering for Parkinson Alberta".

This award will not only encourage and motivate her to continue doing the great work she does as a volunteer; it will also indicate visibly that her contributions over the years have not gone unnoticed. Besides, Sabrina truly deserves to be appreciated and recognized for her service and time.

## Debbie Headon – Lloydminster

Debbie is a mother of 5 who has devoted her spare time to volunteer for all of her kids. Activities over the years and is now a proud and active grandma. She remains active "volunteering" her time on the farm helping their son & daughter in law.

## VOLUNTEERS

She became active in the Lloydminster Parkinsons Support Society 8 years ago when her husband, Brian was diagnosed with Parkinson disease. She is a care partner for Brian and facilitated the support group in Lloydminster for years. She is now an active volunteer in all activities in Lloydminster including the walk, the support group and anything else that comes up. She joined the Board of Directors of Parkinson Alberta in 2013. She has been an instrumental part of the work of Parkinson Alberta in eastern Alberta.

### **Lisa Howard – Lethbridge**

Lisa was the team lead with the University of Lethbridge Brighter Day Program. As an instructor of the 4th year Nursing students, Lisa displayed outstanding service to both Parkinson Alberta clients and caregivers as well as her dedication to advancing the experience of community nursing to her students. Besides bringing a number of students to Step 'n Stride, Lisa's enthusiasm in engaging all she comes in contact with was a delight to work with.

Lisa Howard, the 2014 Parkinson Alberta Lethbridge Volunteer of the Year.

### **Ed Stewart – Grande Prairie**

Ed Stewart has been a dedicated volunteer with Parkinson Alberta in Grande Prairie for over five years. He has shown his commitment to the organization as a member of the Advisory Council, barbecuing at the Step n' Stride and organizing Hope Grows. Through his volunteer work with the Grande Prairie Elks Ed has recruited volunteers for events and arranged for the Voice Enhancement Group to perform at the National Elks 2013 Convention. Ed is a very valuable part of the volunteer team in Grande Prairie.

### **Catherine Kirwan – Edmonton**

Catherine has been involved with PA Edmonton Office since 2011. She has been instrumental in increasing PA awareness and involvement amongst younger generation. Catherine has been and continues to be a lead volunteer at Step 'n Stride, Hope Conference, Indy, the Buchanan Gala, and the Liberty Classic Golf Tournament – planning, organizing and recruiting others at these events since coming on board. She has done two SCIP internships with us and recruited other students to take internships with PA; additionally she started a Parkinson group at the University of Alberta.

We are grateful for her contributions and thank her for her continued commitment to Parkinson Alberta.

### **Perry & Sophie Schmaltz – Calgary**

Perry and Sophie Schmaltz have been committed PA volunteers since shortly after Perry's diagnosis of Parkinson disease in 2007. Over the years, they have volunteered for our annual walks, helped with golf tournaments, assisted with various office tasks, taught Mount Royal University nursing students about real life with Parkinson's and sold tulips during Parkinson Awareness Month. Over the past year, Perry has also helped expand the variety of programs being offered to people with Parkinson's (PWP) by utilising his pre-retirement skills as a post-secondary instructor

and developing a peer-led Speech Enhancement class to aid PWP in practising vocal loudness and vocal control exercises. When asked why they're always so eager to lend PA a helping hand, Sophie responded, "It reminds us of our many blessings and the many things we have to be grateful for. It's a very small way to say 'thank you.'"

# IN MEMORIAM

Parkinson Alberta offers its deepest sympathies to the families and friends who have lost loved ones this past year. We extend our sincerest thanks and appreciation to those who have made donations in their memory.

## TREASURER'S REPORT

### For The Year Ended December 31, 2013

Our 2013 year has been filled with many highlights and excitement as we continued to have a very positive impact on the lives of people with Parkinson disease and their care partners.

Our Board of Directors and our CEO, John Petryshen have lead our organization in all areas of the Operations. As in previous years we opened a new client support service in the Lloydminster Region which brings the total to twenty-nine (29) client support groups meeting on a regular basis in the province.

We are grateful and would like to thank in a special way the United Way of Calgary and Area, the United Way Alberta Northwest, the United Way of Lethbridge & South Western Alberta, together with the United Way of South Eastern Alberta for their continued support and contributions to Parkinson Alberta.

This year has been a breakthrough year financially for Parkinson Alberta. Despite the fact that our fundraising activities in some areas did not meet our expectations, we enjoyed substantial growth in others. Increase giving in donations, memorials and bequests were received with gratitude. In addition, we were able to hold our operational costs at 2012 levels, resulting in an excess of revenue over expenditures for the year of \$106,000. We are most thankful to all those who support us so faithfully.

Our investment portfolio which in recent years has been extremely well managed has maintained a market value in excess of \$1,150,000, for the year just ended. This account consists of cash, bonds and short-term money and mortgage funds.

Parkinson Alberta remains committed to its mission, vision, core values and successful management for all people who are affected by Parkinson disease. Personally, it has been a pleasure and privilege to serve

as treasurer over the past six years. I would like to thank my colleagues on the Board, our dedicated staff and the many clients and care partners of Parkinson Alberta for their continued and ongoing support. Our success comes through the wonderful efforts of our volunteers working in partnership across Alberta.

We will continue to move forward together with a spirit of optimism, caring and hope.

Bruce Strachan  
Treasurer

## INDEPENDENT AUDITOR'S REPORT

---

To the Members of Parkinson Alberta Society

I have audited the accompanying financial statements of Parkinson Alberta Society, which comprise the statement of financial position as at December 31, 2013 and the statements of revenues and expenditures, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian Accounting Standards for Not-for-Profit Organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Independent Auditor's Report to the Members of Parkinson Alberta Society *(continued)*

Basis for Qualified Opinion

In common with many not-for-profit organizations, Parkinson Alberta Society derives revenue from fundraising activities the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of Parkinson Alberta Society. Therefore, I was not able to determine whether any adjustments might be necessary to fundraising revenue, excess of revenues over expenses, and cash flows from operations for the year ended December 31, 2013, current assets and net assets as at January 1, 2013 and December 31, 2013

Qualified Opinion

In my opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of Parkinson Alberta Society as at December 31, 2013 and the results of its operations and its cash flows for the year then ended in accordance with Canadian Accounting Standards for Not-for-Profit Organizations.
